## Approved For Release 2004/11/30 : CIA-RDP78B04770A000900060005-3

Final report has been prepared but not delivered to the contract
monitor. Difficulties have been encountered in providing information
concerning image integration. It seems that additional equipment
(a high-speed projector) is necessary to provide definitive results.
A meeting will be held with during
Optober to algrify the project
